Final Environmental Impact Report – Oroville Facilities Relicensing—Federal Energy Regulatory Commission (FERC) Project No. 2100, State Clearinghouse # 2001102011

The California Department of Water Resources (DWR) has completed the Final Environmental Impact Report (FEIR) for the Oroville Facilities Relicensing—FERC Project No. 2100. In addition to the Draft Environmental Impact Report (DEIR), the FEIR consists of corrections and revisions to the DEIR; a list of persons, organizations, and public agencies commenting on the DEIR; the comments received on the DEIR; and responses to those comments.

On July 22, 2008, DWR certified the FEIR, adopted Findings, adopted a Mitigation Monitoring Program, filed a Notice of Determination, and distributed copies to responsible agencies, in accordance with the California Environmental Quality Act. Courtesy copies are also being distributed to communities within the vicinity of the project. Other interested parties may view a copy of the FEIR on the following DWR website: www.orovillerelicensing.water.ca.gov. A CD containing the FEIR may also be requested by contacting Ann Lundberg, program assistant, at (916) 653-6700.

Reference copies of the FEIR will also be available at the following locations:

Department of Water Resources
1416 9th Street, Room 358
Sacramento, California 95814

Oroville Public Library
1820 Mitchell Avenue
Oroville, California 95965

If you have any questions or need additional information, please feel free to contact Mr. Ted Alvarez, Chief, Oroville Facilities Relicensing Branch, at (916) 653-6271 or by email at orovillep2100@water.ca.gov.

Sincerely,

A handwritten signature in black ink, reading "Henry M. Ramirez", is written over a horizontal line.

Henry M. "Rick" Ramirez
Oroville Facilities Relicensing Program Manager
